AQA A Level Business

Welcome to Business!

We are really excited to welcome you into our new A Level Business class.

The aim of the tasks introduced in this document is to get you familiarised with the subject & set-up ready for the course start in September.

The tasks should take approximately five hours to complete in total & should be handed in to Mr Lamb or Mrs Glossop on the Enrolment Day in September.

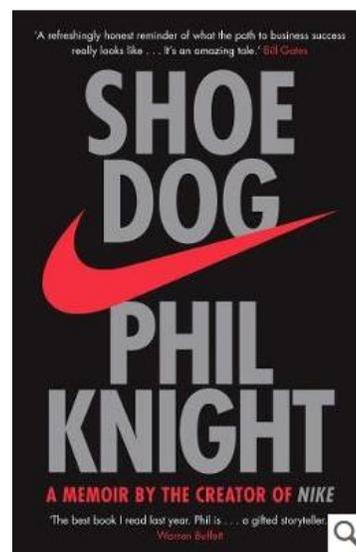

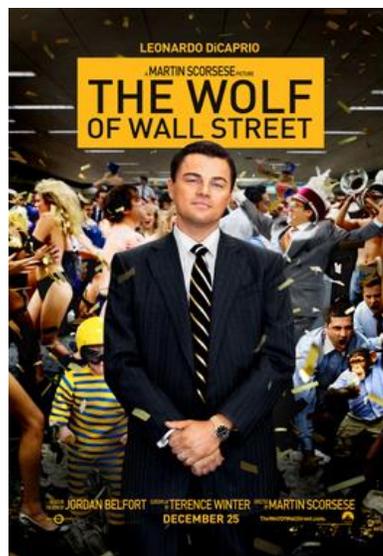

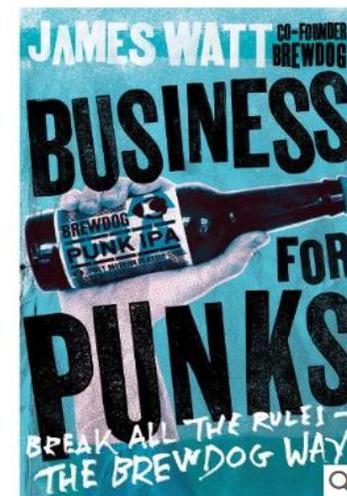

Engaging with Business

Engaging with Business outside of the classroom is a great way to support your understanding & to grasp the real-world application of the topics we are covering. It will also help provide you with examples that can be used to support your analysis of topics.

In Sixth Form we have a 50:50 mantra, where we expect you to spend the same amount of time studying out of lessons as you do in lessons.

Slides 4-7 have some suggestions for websites, books, films & programmes featuring great business content. Please pick a few that look of interest to explore.
